

Steelmaking Industry

Ferro alloy and pig iron supply for deoxidation, desulfurization and alloying in steelworks and integrated steel plants. High-purity ferrochrome, ferromanganese, ferrosilicon and steel pig iron solutions for EAF and BOF facilities.

WHAT THE SECTOR REQUIRES

Scrap melting and alloying in EAF steelworks · Liquid steel refining in BOF plants · Deoxidation and desulfurization in ladle metallurgy · Ferrochrome usage in stainless steel production

KEY STEEL GRADES

FeCr HC/LC	FeMn HC/MC/LC	FeSi 75%
FeSiMn	Çelik Piki	

PRODUCTS WE SUPPLY

Ferro Alloys	Pig Iron
--------------	----------

WHY AKTİF ÇELİK

- Grade and standard selected against your specification
- Export documentation handled from a single point
- Shipment with EN 10204 3.1 inspection certificate
- Technical support on grade equivalence and heat treatment
- Samples and small-batch supply available

Request a Quotation

Send us your specification or requirement list and we will come back with the right grade, lead time and price.
